

BEHAVIORAL BUSINESS ANALYST

DURATION

In Person Half Day

LiveOnline 1 session of 4.5 hours

CERTIFICATION

A Behavioral Business Analyst digital badge will be available upon successful completion of the course from Skills Development Group.

PDUs

This course will contribute 4 Continuing Development Units (CDUs) towards certifications from the IIBA®.

This course will contribute 4 PMI® professional development units (PDUs) towards your chosen certification (4 Power Skills).

PREREQUISITES

There are no prerequisites for the Behavioral Business Analyst program, Participants will need to complete a Skills Dx diagnostic assessment prior to the workshop (1 hour pre-work).

ARE YOU READY TO ELEVATE YOUR BUSINESS ANALYSIS SKILLS BY UNDERSTANDING THE ROLE'S FUNDAMENTAL BEHAVIORAL COMPETENCIES, WHICH ARE ALIGNED WITH INDUSTRY STANDARDS?

Uncover the power of behavioral competencies in business analysis by leveraging insights from our Skills Dx psychometrics to help you recognize your strengths and areas for improvement. This short interactive workshop is aligned with the Business Analysis Body of Knowledge® (BABOK®) and will provide you with actionable strategies to enhance your business analysis capabilities in alignment with industry standards.

LEARNING OUTCOMES

During this course, you will learn about:

- Your individual Skills DX diagnostic results and how they map to business analysis capabilities and the Business Analysis Body of Knowledge® (BABOK®)
- Tools and techniques for developing skills in relation to the following competencies:
 - Negotiation
 - Teamwork
 - Communication
 - Evaluation
 - Implementation
 - Achievement
 - Resilience
 - Self-Insight
- Setting actionable goals as part of a personalized development plan

INTENDED FOR

This course is aimed at:

- Business Analysts, Systems Analysts or anyone wanting to enhance their behavioral competencies in relation to business analysis
- Teams wanting to capture behavioral capabilities across a business analysis cohort
